These steps shall include notifying the parents/guardians of the meeting early enough to ensure that they will have the opportunity to attend and scheduling the meeting at a mutually agreed on time and place. (34 CFR 300.322). When conducting IEP meetings, the parent and district may agree to use alternative means to attend or participate in the meeting, such as video conferences or telephone conference calls.

An IEP meeting may be conducted without a parent/guardian in attendance only if the district is unable to convince the parent/guardian that he/she should attend. In this case, the district shall maintain a record of its attempts to arrange a mutually agreed upon time and place for the meeting, such as: (34 CFR 300.322)

INDIVIDUALIZED EDUCATION PROGRAM (continued) AR 6159(e)

b. Be involved and progress in the general curriculum in accordance with item #1 above and to participate in extracurricular and other nonacademic activities.

(cf. 6145 – Extracurricular and Cocurricular Activities)

c. Be educated and participate with other students, with and without disabilities, in the activities in this item.

(cf. 3541.2 – Transportation of Exceptional Children)

4. An explanation of the extent, if any, to which the student will not participate with nondisabled students in the regular class and in the activities described in item #3 above.

Note: Pursuant to 20 USC 1412(a), students with disabilities must be included in state and districtwide assessments, with appropriate accommodations and alternate assessments where necessary and as indicated in a student’s IEP. Alaska regulations requires districts to administer a standardized norm referenced test for students in grades 4, 8, and 11. However, if the IEP team determines that a student with disabilities should be exempted from these exams, the IEP must contain a statement of any individual appropriate accommodations and what alternative assessment will be provided. The IEP team for a student with a significant cognitive disability may determine whether the student will take the college and career readiness assessment based on the IEP team’s determination of whether the assessment supports the transition plan set forth in the student’s IEP. Alternative assessment requirements for students with disabilities in Alaska are found at 4 AAC 06.775.

5. A statement of any individual accommodations in the administration of state or districtwide assessments that are necessary to measure academic achievement and functional performance in such assessment.

a. If the IEP team determines that the student will take an alternate districtwide assessment of student achievement (or part of such an assessment), a statement of:

(1) why the student cannot participate in the regular assessment; and
(2) identify the particular alternate assessment selected and why it is appropriate for the student.

6. The projected date for the beginning of the services and modifications described in item #3 above and the anticipated frequency, location and duration of those services and modifications.

Note: When providing transition services, a school district’s primary objective and preferred outcome is to help the child become gainfully employed in an integrated workplace where individuals with disabilities work with and alongside of individuals without disabilities or become enrolled in postsecondary education. Gainfully employed means employed full time or part time within one year of leaving high school. AS 14.30.278 (b) and (c).
7. A statement of secondary transition service needs, as follows:
   a. Beginning at 16, and annually thereafter, a statement of appropriate measurable postsecondary goals based on age-appropriate transition assessments related to training, education, employment and, where appropriate, independent living skills.
   b. The transition services (including courses of study) needed to assist the student in reaching those goals.
   c. Beginning at least one year before the student reaches age 18, a statement that the student has been informed of his/her rights, if any, pursuant to IDEA that will transfer to the student upon reaching age 18.

8. Appropriate objective criteria, evaluation procedures, and schedules for determining, on at least an annual basis, whether the annual goals are being achieved.
   a. How the student’s progress toward the annual goals described in item #2 above will be measured.
   b. When the student’s parents/guardians will be regularly informed (by such means as periodic reports on progress), at least as often as parent/guardians of students without disabilities, of:
      (1) Their child’s progress towards the annual goals described in item #2 above.
      (2) The extent to which that progress is sufficient to enable the student to achieve the goals by the end of the year.

9. A statement of special education and related services and supplementary aids and services, based on peer-reviewed research to the extent practicable, to be provided to the student and a statement of the program modifications or supports for school personnel that will be provided for the student.

(cf. 6146.5 – Differential Graduation and Competency Standards for Individuals with Exceptional Needs)

2. Linguistically appropriate goals, objectives, programs and services for students whose primary language is not English.

3. Extended school year services when needed, as determined by the IEP team.
Note: Pursuant to 20 USC 1414(d) and 34 CFR 300.324, the IEP team should consider the following factors when developing the IEP.

In developing or revising the IEP, the IEP team shall consider the following: (20 USC 1414(d); 34 CFR 300.324).

1. The strengths of the student.
2. The concerns of the parents/guardians for enhancing the education of their child.
3. The results of the initial evaluation or most recent evaluation of the student.
4. The academic, developmental, and functional needs of the student.
5. As appropriate, the results of the student’s performance on any general state or districtwide assessment programs.

Note: 34 CFR 300.346 require the IEP team to consider the following factors to meet the needs of a deaf or hard-of-hearing student.

8. In the case of a student who is blind or visually impaired, the need to provide for instruction in Braille and the use of Braille unless the IEP team determines, after an evaluation of the student’s reading and writing skills, needs, and appropriate reading and writing media, that instruction in Braille or the use of Braille is not appropriate for the student.

9. The communication needs of the student, and in the case of a student who is deaf or hard of hearing, the student’s language and communication needs, opportunities for direct communications with peers and professional personnel in the student’s language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student’s language and communication mode.

10. Whether the student requires assistive technology devices and services.

If, in considering the special factors in items 1-10 above, the IEP team determines that a student needs a particular device or service in order to receive a free and appropriate public education (FAPE), the IEP team must include a statement to that effect in the student’s IEP. (34 CFR 300.324)

The IEP may be revised, as appropriate, to address: (20 USC 1414(d)).

1. Any lack of expected progress toward the annual goals and in the general education curriculum, if appropriate.
2. The results of any reevaluation conducted.
3. Information about the student provided to or by the parents/guardians regarding review of evaluation data pursuant to 20 USC 1414(c)(1)(B).
4. The student’s anticipated needs.
5. Other matters.

As a member of the IEP team, the regular education teacher shall, to the extent appropriate, participate in the development, review and revision of the student’s IEP. (34 CFR 300.324)
