ECF Funded Projects
1. 50 SIM cards for 5 or 9 months of service.
2. 50 Mobile Hotspot devices that can provide at home internet for any school iPad or laptop.
3. 540 surface go tablet laptops to swap BMS from iPads back to computers, and upgrade 240 HP laptops at SHS to be the same model as the other model they have. This will make SHS 100% the same model, all Surface Go computers. Standardized hardware will make computer administration easier.
