To members of the school board of Sitka High School,

This letter is written on behalf of the parents, players and coaches of the Sitka High School baseball program. We request permission to travel out of state. As you know, the basketball state championship games are during spring break this year; therefore, we are unable to travel at that time. We have tentatively reserved a spot in an out of state baseball event that takes place from March 29 through April 5, 2012. This happens to be testing week for the Sitka school department. We feel that this would be a good week to travel because all of our baseball players that would be going with us have already completed their required testing. As always with the high school baseball program, there is no fundraising involved with this travel event because monetary responsibility lies with the players and parents. Thank you for your consideration.

Sincerely,
Ed Conway
Sitka High School  Baseball
