Bylaws of the Board

COMMUNICATIONS TO AND FROM THE BOARD

The Board recognizes that appropriate communication procedures must be adhered to when communicating among Board members, and between Board members, district administration, and members of the public. Public communication by the Board should reflect positively on the district and serve the community by keeping it informed about the goals, programs and achievements of the district and its schools.

Questions or communications for the School Board from staff members, parents and community members should include the Superintendent. Board members’ questions or communications to staff or about programs will be channeled through the Superintendent’s office. If contacted individually, Board members will refer the person to the appropriate channel of authority, except in unusual situations. Board members will not take private action that might compromise the Board or administration.

(cf. 9200 – Board Members)
